

Heart to Heart

HAITI

August 2019

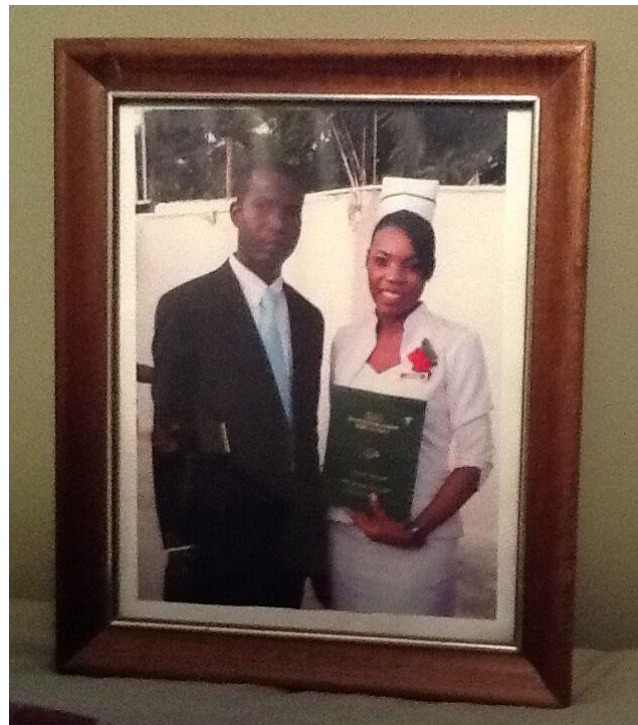

Home:

There are currently 95 children living at H2H home.

One of our supporters shares her experience with H2H's sponsorship program:

"It has been such a privilege to sponsor Edna. I am so proud of everything she has accomplished! I know she worked diligently throughout the years

and I was thrilled when she made her goals a reality! A nurse now! Imagine that! I am so grateful to your organization. It makes it so easy for people (like me) to make a difference in someone's life. A positive impact on Edna's life, yes! But also, life changing for me as well! In our home we have a framed picture of Edna's graduation. This picture fills me with such pride and even though we have never met,

Edna is such an important part of my life and forever will be! I know she has a bright and happy future ahead of her and that, in turn, makes me happy!!

Warm regards, Debbie

School:

The children at Heart to Heart are enjoying the last month of summer holidays before the busyness of school starts again.

Church:

Heart to Heart Church's talent show has continued through August and the finals will take place in the first week of September. The children are loving the competition and it's giving them a great opportunity to develop their talents and confidence.

Teams:

No teams visited H2H in August.

Community:

The political instability in Haiti continues to be a security concern. The President and the opposition party are in conflict and cannot agree on appointing a Prime Minister. No Prime Minister means the government cannot conduct normal business, including borrowing money from international banks. Many government projects, such as road construction, agricultural projects, etc. are on hold, waiting for international loans to be approved.
