

Food Drive - May 26 to June 5

Just over a month ago, the World Food Programme released a statement saying that nearly 4 million Haitians require urgent food assistance. That's 40% of the country's entire population! The desperate need for food has been serious for a long time. With the current COVID-19 pandemic and the nearing hurricane season, the ability to find, afford, and maintain food supplies is becoming even more difficult for many families.

We don't want to stand by as we see our brothers and sisters suffering. Instead, let's share the love and hope of Jesus through meeting basic nutritional needs during a time when many are battling fear and uncertainty.

From May 26th to June 5th we are raising money to purchase food packs for families who are going hungry. A food pack for one family is \$55 and includes a bag of rice, beans, and oil.

Our goal is raise enough money to feed 500 families!

We encourage you to consider how you can support a family in need today. Whether you donate 1 food pack or 10, every little bit helps and each donation represents a family who won't go hungry this week!

If you have a heart to give but are not in a place where you can do so financially, there are other ways you can show your support!

Follow us on Instagram and Facebook and share our posts about the Food Drive. (links below)

You might not be able to give, but maybe you know of some friends or family members who would love to support a family in need!

Join with us in praying for Haiti (and for other countries around the world) who are struggling because of the pandemic. We are thankful to be living in a country where we have access to food and medical care but millions of people don't have those things. The need can feel daunting at times, but we know that nothing is impossible with God!
