

## You are amazing!

We continue to be overwhelmed by the generosity of our donors. Thank-you so much for your generous contributions towards the food distribution! As a result of your donations we were able to raise just over \$32,000 CAN which supported approximately 680 families with basic nutritional supplies. Pastor Luc and his team participated in 10 food distributions in 9 different communities: Gonaïve, Bouvard, Grande Savanne, Morne blanc, Fauché, Lavange, Tête-a-boeuf, Morne Jaumou, Grand-goâve Church and the community.

Pastor Luc sends his love and prayers to the wonderful people supporting H2H. In a video message he said:

*"I borrow my mouth and give it to all Haitians to give you a special thanks. Because right now in Haiti it is so difficult, so thank-you for thinking about us and helping us to support the people. They are so thankful, and they tell me to tell you thank-you very much and that they will keep praying for you."*

This past academic year has been challenging for our H2H School. In January school re-opened after being closed since the fall due to political protests, only to close again a few months later due to the COVID-19 pandemic. As a result, the new school year restarted earlier in August with the hope of making up for the missed class time. Masks have been provided for the students to wear while they are in class and additional hand washing stations have been installed.

This fall we will be highlighting H2H team members on our social media platforms, starting with our founders: Pastor Luc Honorat and Claire Roberts. As we approach the 28th anniversary of Pasto Luc opening his doors to 60 abandoned children, we remember and appreciate the sacrifice that he and his family made to continue to house and feed these children in their own home. That was just the beginning...

Recently two of our Board members took part in a 4-day Sustainable Development Master Class led by a team from P4H Global. It was so encouraging to have discussions with other like-minded individuals and share alongside a diverse group of people.

Going forward, we seek to apply this knowledge to our organization and look forward to sharing our findings with all of our supporters. We highly recommend this course for anyone who wants to develop a deeper understanding of how this approach to sustainable development can be a gamechanger for your community! Thank you to the P4H leaders for being extremely knowledgeable, energetic, and inspiring us to have an impact.

*Despite all the challenges over the past year, H2H Children's Home continues to have open doors to the Haiti community and have taken in several additional children over the past few months. If you are interested or know of someone who would be interested in sponsoring a child, please contact us! We would be happy to connect with you and share more on how you can sponsor a H2H child!*
